Intellectual Property Rights

IPRs essential or potentially essential to the present document may have been declared to ETSI. The information pertaining to these essential IPRs, if any, is publicly available for **ETSI members and non-members**, and can be found in ETSI SR 000 314: "*Intellectual Property Rights (IPRs); Essential, or potentially Essential, IPRs notified to ETSI in respect of ETSI standards*", which is available from the ETSI Secretariat. Latest updates are available on the ETSI Web server (<http://webapp.etsi.org/IPR/home.asp>).

Pursuant to the ETSI IPR Policy, no investigation, including IPR searches, has been carried out by ETSI. No guarantee can be given as to the existence of other IPRs not referenced in ETSI SR 000 314 (or the updates on the ETSI Web server) which are, or may be, or may become, essential to the present document.

Foreword

This Technical Specification (TS) has been produced by ETSI Technical Committee Access and Terminals (AT).

Introduction

SMS for fixed networks (PSTN/ISDN) can be provided in two ways, as a Network Based Solution (NBS) and/or as a User Based Solution (UBS).

For the NBS and UBS solutions there are a number of documents available. The documents are divided in three groups:

- documents related to the NBS;
- documents related to the UBS;
- documents relevant for both NBS and UBS.

1 Scope

The present document gives an overview of the set of documents being relevant for the support of the Fixed Network Short Message Service in PSTN and ISDN using the so called "User Based Solution" and/or "Network Based Solution".

NOTE: Whenever a new part will be created, the present document shall be updated.

2 References

The following documents contain provisions which, through reference in this text, constitute provisions of the present document.

- References are either specific (identified by date of publication and/or edition number or version number) or non-specific.
- For a specific reference, subsequent revisions do not apply.
- For a non-specific reference, the latest version applies.

Referenced documents which are not found to be publicly available in the expected location might be found at <http://docbox.etsi.org/Reference>.
